DC May Abandon Poundmaster Job

Elimination of the Daly City poundmaster was one of two measures proposed for "possible turnings" Wednesday night by Manager Howard Stites.

Stites said the Peninsula or a Francisco Humane society would provide Daly City with pound services "as good as the getting now at no cost to the city."

Stites said that this would cut annual costs by \$15,000. The humane society would collect fees and receive the revenue from these fees.

Stites said the one-man department, Poundmaster Charles Maschiot, could be moved in some other municipal position.

Stites also submitted a proposal from Vernon Vogan offering to provide the city with ambulance service. Vogan would have two vehicles, one of which would be provided exclusively for Daly City, Stites said.

Under this contract, the manager explained, Daly City could cut costs by eliminating the municipal ambulance service.

The manager was advised to set up a meeting with Vogan for April 3 and come up with a definite recommendation on the city pound services.

By MONTE DAYTON

This Thursday, March 21, carries a celebratory load on its shoulders.

It's the second day of spring. It's the 46th anniversary of the incorporation of Daly City.

Besides which it's my wedding anniversary and my sister's birthday.

And on top of all that, it's the day of the week the paper comes out, which is cause for celebration itself.

Should make it a national holiday.

Popular Broadmoor police RAY SAVAGE may not be long for these parts, having placed an application to fill the head man job on the Paso Robles PD.

Besides, Savage confides, if incumbent HARRY BROWN is defeated for re-election to the police commission April 1, "I'll be looking for a new job anyway."

PAULA LANE, Broadmoor housewife (alias Mrs. Hayden Hamilton), was the show stopper as "Miss Kay Jewelers" at a recent promotion in Hillsdale shopping center. She wore a \$12,000 bathing suit covered with Gruen Watches, as part of a company promotion.

Time never went by so fast.

Down the Peninsula away another trustee is resigning his position way ahead of schedule.

The trustee is an employee for Crown-Zellerbach, and has two years of his term to go.

Just recently HENRY KRAUS, JESD trustee, submitted his resignation a year before his term expired.

Kraus, also, is a Crown-Zellerbach employee.

No Trustee Candidates Here As Yet

Three trustee positions open in the Jefferson Elementary and Jefferson High school districts were still going "a begging" this week with the deadline for filing less than a month away, April 17.

In the Bayshore-Brisbane area, however, the school races began shaping up as Garnet Robertson, incumbent, put in his bid for the one post on Bayshore Elementary School district, while housewife Laura M. Johnson was a surprise candidate to face incumbent Louis J. Duncan for the single trusteeship on the Brisbane Elementary School district board.

Mrs. Johnson, 215 Klamath avenue, is known for her active participation in all phases of Brisbane politics, while Duncan is chairman and a veteran member of the Brisbane board. She filed Monday, after Duncan.

Sunday is the last day for persons to register to vote in the May 17 school trustee elections.

All persons who have not before been registered in this county or who failed to vote in both the primary and general election in 1956 must register in order to vote May 17.

Residency requirement is 90 days in the county, one year in the state.

Some 180 deputy registrars are available throughout the county to handle last-minute sign-ups.

It was Mrs. Johnson who helped spearhead the recent campaign which resulted in the defeat of a measure to allow an 85-cent increase in Brisbane school taxes. She was formerly an officer of the Brisbane Homeowners association.

Transit Bill Nixed By County Supervisors

San Mateo county supervisors Tuesday denied their support to Senate Bill 850, which would create a Bay Area rapid transit district.

The vote was 4-0 against the measure, with one member absent.

Supervisors opposed the district because they held it would "possess extreme taxing and assessment powers."

They voiced their opposition in the form of a resolution which will be conveyed to the legislature by County Manager Robert Stallings.

Supervisor William Werder commented, "We feel that we could make a much better deal on our own with the Southern Pacific."

Alameda county supervisors endorsed the transit bill, 4-1, Tuesday.

6000 SIGNATURES ON SALES TAX PETITION

An intensive three-day campaign in Redwood City last weekend resulted in the obtaining of 6000 of a possible 17,000 signatures on an initiative measure which would require voter approval of a municipal sales tax.

The 6000 signatures were more than double the 2500 needed to force the issue of a city vote. Simultaneously, signatures were obtained to put a similar measure on the county ballot. Approximately 11,300 signatures are needed county-wide to call an election on the one-cent tax.

The Redwood City group was scheduled to present their petitions to the city clerk this week, while the county-wide sign-up effort continued. Redwood City's 6000 names, plus the many thousands obtained elsewhere, were expected to

TRI-CITY STUDY COMMITTEE ON CHARTER RULE PROPOSED

Plan Is Broached To Chamber

Charter government for Daly City gained momentum last week when South San Francisco and San Bruno made overtures to the Daly City Chamber of Commerce to form a tri-city study committee on charter rule.

Charter government, or "home rule," advocated editorially by THE RECORD, was topic of a talk being given before the Chamber Thursday by municipal judge Thomas L. Bocci.

During Bocci's talk Hugh Smith Jr., C of C president, was contacted by phone by John Noonan, South San Francisco city attorney, who said that his city's councilmen were interested in studying the possible formation of charter government.

Noonan also indicated to Smith that San Bruno officials would like to take part in the preliminary charter studies.

Smith said he would try to set up a meeting with representatives of the two other cities in an effort to form a joint committee to investigate charter government.

Under charter government, Daly City would draft a document to govern itself, instead of operating under general law for sixth class California cities.

A board of freeholders would have to be formed to draft the charter, unless the city council chose to author the instrument. The charter must be approved by a majority of the voters.

Poundmaster Finds 'Real Gone' Kitty

Take it from Daly City Poundmaster Charles Maschiot, there's never a dull day in his business.

Jolly Charles got a call Sunday afternoon from Robert Padilla, 383 Wellington avenue, reporting a missing cat.

Maschiot rushed to the residence and after a few minutes of scanning the neighborhood, he rounded up the stray.

"Was a cat, but not the ordinary domestic kind. Padilla's pet is a year-old opelot, born in South America. He's usually on a leash, but Sunday just got a bit frisky."

Charles said he had no trouble recovering the kitty. "But like I always say," he repeated, "you never know what you're liable to run into."

TRUSTEES ASK 17 CITIZENS TO 'SELL' BONDS

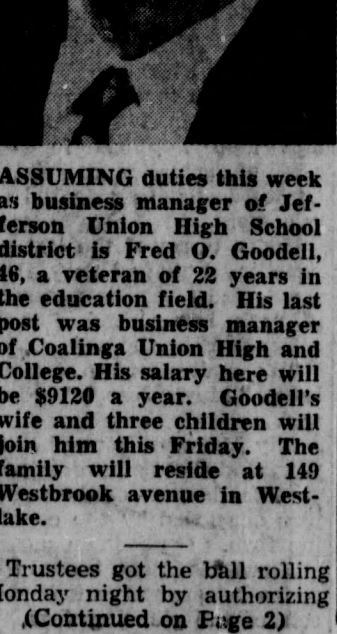

Seventeen key persons, representing a cross section of Jefferson Union High School district, will be invited to a kickoff meeting April 1 to form a Citizens' Bond Committee for pushing the critical May 17 bond and state aid election here.

The morning session will be held at the school district's central office, 1000 S. Main St., at 10 a.m.

Following is final agenda considered Wednesday by the city council in preparation for Monday night's regular meeting, at which time the measures will be formally voted on:

1. Letter from city manager on proposed state legislation.
2. Letter from manager reporting state's recommendation against establishing left-turn lane on Mission at Valley street.
3. Letter from county urging adoption of uniform health ordinance.
4. Letter from planning commission calling for public hearing on re-zoning of Westlake units 8 C & D.
5. Planners letter approving revised tentative map of Westlake Unit 10.

SSF Mayor Vows His Support

South San Francisco Mayor Guido Rozzo told THE RECORD today that his city "would" welcome an opportunity to cooperate with any city or body in the study of the charter form of government.

Rozzo pointed out that charter form of government has been a topic in his city for several years and declared that "there are many in the city who favor it over our present form of government."

He held that its chief advantage, "I am informed, is that it gives the city 'home rule.' In any event we are always willing to examine our methods and procedures to see whether they can be changed for the benefit of the public."

South San Francisco first broached the idea of a joint study on charter government to Hugh H. Smith Jr., president of the Daly City Chamber of Commerce, at last week's meeting.

Smith said he hopes to get together with both South San Francisco and San Bruno officials or civic groups to launch a study on charter government.

Secret Meeting Law

COUNCIL RAPS WORDING ON BROWN ACT CHANGE

Support of the proposed state amendment to the Brown act, or "secret meeting law," was offered by the council at study session Wednesday, providing the clause permitting closed meetings on administrative officers' preliminary reports was eliminated from the bill.

The legislation, Assembly Bill 3518, proposed by Assemblyman Louis Francis and Carl Britschgi of this county, purports to interpret the Brown act in matters where there is little law precedent. (This newspaper has attacked the amendment as being too broad, permitting circumvention of the original purpose of the act.)

Under the amendment, secret meetings would not only be allowed on personnel matters, but "settlement of claims, appraisal and acquisition of property, preliminary reports from chief executive or administrative officers."

"Right To Know" Councilman Del Wilson at first maintained that the council should oppose the entire

YOUTH COUNCIL PROPOSED TO WORK WITH CITY

Formation of a "youth council" to work with the Daly City recreation commission with a goal of expanding youth activities and curbing juvenile delinquency was proposed in study session Wednesday by Councilman Sanford Vickers.

Vickers said the plan had worked admirably in other communities.

Brief outline of purposes, he said, was: coordination of community youth services; educating the public on teen-age activities; promote understanding of city programs and youth problems.

Vickers, winning council approval on his proposal, said he would attend the next meeting of the recreation commission and would contact local high school principals to map preliminary plans for the youth council.

Hi Students Take 'Institute' Holiday

Jefferson and Westmoor students get a holiday on Friday, March 29, while their teachers assemble with district officials for an all-day institute at Jefferson High.

The morning session will include discussion of the district's financial position and the development of the classroom budget. Study during the afternoon confab will center around curriculum development and improvement, textbook utilization, audio-visual aids, coordination of philosophy and other facets of the educational program.

The institute complies with requirements for such a meeting during the school year.

GRAND JURY ASKS STUDY ON MERGER OF TWO COUNTIES

A full study of the proposal to consolidate San Francisco and San Mateo counties was called for Monday night by the San Mateo county grand jury.

Full assistance and cooperation in the study was asked of all supervisors and county officials.

The consolidation proposal was made recently by San Francisco mayor George Christopher.

The jurors also recommended a district method of election of supervisors, whereby each county supervisor would be elected solely by the voters in his district. At present supervisors are elected at large, but must live in the district they represent.

Protest 5 Bills

The council voiced protests on five other bills now before the legislature and approved one amendment which would relieve cities of the burden of cost on railroad grade separations.

Bills opposed were: 1933—broadens scope of tax exempt organizations to include "all social welfare" groups.

2137—requires public hearing and county approval on any garbage disposal site within city limits.

330—requires that emergency ordinances must be published or posted before becoming effective.

854—would grant automatic three-week vacations for all policemen. Councilman Sanford Vickers urged endorsement of this bill but was outvoted, 3-1.

2946—would permit any section of a city to secede from the city by a three-fourths vote of the persons from the area seeking exclusion.

The firm also urged a complete re-vamping of the zoning ordinance to raise fees for use permits, variances and amendments and to turn many routine functions entirely over the planning commission.

East West Roads Development of east-west arteries in Daly City was held urgent, especially in light of the state's plans to develop Junipero Serra boulevard as a freeway or expressway "of at least eight lanes," according to Larry Wise of the planning commission.

City manager Howard Stites said he understood the state (Continued on Page 2)

BOARD SLICES SAFETY COSTS AT JEFF HIGH

After pinpoint consideration, trustees Monday night lopped off some \$5,000 from the total cost needed to bring Jefferson High up to state safety standards and authorized Architect Mario Ciampi to prepare final specifications for the project.

Ciampi's original estimate of \$136,501 was trimmed to \$131,551. This leaves the base bid (cost of work less architect's fees, testing, inspection and contingencies) at \$109,021. Former base bid was \$111,884.

Construction and materials alone will cost \$90,287, compared to the former figure of \$92,658.

Work Indefinite Ciampi is expected to have final specifications ready for bid in about eight weeks. But the actual work hinges on the (Continued on Page 2)

Hupf-Noonan Debate On Tax Ends In Draw

Debate on the heated sales tax issue Wednesday night at Westlake school between Councilman Paul Hupf and Thomas Noonan ended in a virtual "draw."

A gathering of 25 people, most of them members of the sponsoring North End Democratic club, accorded both speakers equal applause for their ideas.

Hupf, one of three Daly City councilmen previously on record for the levy, presented a strong affirmative argument. Noonan, north county chairman for Citizens Opposing Sales Tax, effectively countered with the opposite viewpoint.

Way Behind? Citing that the city is "way behind in capital improvements," Hupf said the one-cent levy would be a "sensible, pay-as-you-go" plan. He added that an increase in property taxes would be "a greater delay."

Drafting of a master plan by a professional consulting firm to cover Daly City's multiplicity of needs by 1980 was approved unanimously by the Daly City planning commission Monday in a joint meeting with the city council.

The two-phase report to be prepared by Hahn, Wise & Associates at a cost of \$16,960 would include plans for land-use, public buildings, zoning ordinance, parks and recreation and streets and highways.

City's share of the project would be \$4000 cash, \$4000 in services provided the planning firm, while the state would contribute approximately half to the study, to be made over a two-year period.

Take Up Monday Hiring of the firm's services will be considered this Wednesday night by the council in study session and formal approval is expected at Monday's regular meeting.

Observing in a preliminary report that "There is almost no land suitable for industrial development in the present city limits," the consultants contended that much of the city's future land use program would have to take into consideration outlying areas which would eventually be annexed—Crocker Estate, Broadmoor and unincorporated Colma.

The firm also urged a complete re-vamping of the zoning ordinance to raise fees for use permits, variances and amendments and to turn many routine functions entirely over the planning commission.

Divorce From JC 'Unlikely'

Lifting the \$110,000 San Mateo Junior college tax burden off Daly City residents will be no mean task, city attorney Frank Blum told the city council Wednesday.

Councilman Michael De Bernardi's inquiry on the possibility of secession from the JC district received a pessimistic answer.

Blum said proceedings for withdrawal from the district were so complicated as to be practically impossible. First, he said, 25 per cent of the voters of the entire district would have to approve the withdrawal; 50 per cent of the Jefferson High school voters would have to give sanction; a joint agreement between the college and high school district would have to be reached, after which the county supervisors would have to approve the secession.

De Bernardi asked further exploration on his proposal, since, he said Daly City was contributing \$110,000 in taxes to the district for the education of 11 Daly City students.

Blum said Lyal Edson of the district attorney's office had summed up the dilemma: "It's like a wedding in a church. You can't divorce yourself."

Mom Protests But Wiegner Take Clo Ann

Despite bitter protests by her mother, Clo Ann Wiegner was released by juvenile authorities Monday and placed in custody of her young husband's parents in San Francisco.

Judge Aylett Cotton took the action in superior court, paving the way for papers making Mr. and Mrs. Melvin Wiegner legal guardians of Clo Ann.

The decision came as a surprise to probation officer Joanne Wilson, who reminded Cotton that Clo Ann's mother was against the move. Miss Wilson recommended that the 17-year-old bride be remanded to the California Youth Authority, believing that Judge Murray Draper, who presided earlier in the case, would approve her suggestion.

Clo Ann had been held in Hillcrest since her return from Denver where hubby Mike's "kidnap" plot ended in a near-fatal car accident.

Wiegner, judged legally insane, is undergoing psychiatric treatment at Atascadero State hospital. In all probability, he will not have to stand trial for the many charges lodged against him.

His accomplice, however, Jesse Eastman, 35, fellow escapee from Napa State hospital, is scheduled for jury trial on April 10 in superior court. Cotton on Monday dismissed Eastman's earlier plea that he is not guilty on the felony counts by reason of insanity.

letters of invitation to the 17 people, stating that the "district urgently needs your help."

The 17 will act as a steering unit on the citizen's committee. Each will be asked to do his utmost to get voters throughout the district to approve the \$2,900,000 bond issue and the \$8 state loan, both vital if the district is to meet bulging enrollment and avert double sessions.

The 17-member steering committee as proposed lists two citizens from Bayshore-Brisbane, eight from the Jefferson Elementary School district, and seven from the Laguna Salada district.

Morgan and the board will explain the "dire necessity" of both issues to the 17 citizens, then advise them how to proceed with their campaign.

"We encourage all citizens in the district to attend the April 1 meeting," Morgan urged. "We're going to need lots of help."

The April 1 meeting starts at 7:45 p.m. in the superintendent's office, 375 South Mayfair avenue, room 214. Persons desiring additional information should call Morgan at PL 5-1162.

Eastman is charged with assault, armed robbery, burglary and auto theft.

planned to utilize all the business property right up to the railroad right of way on the east side of Junipero Serra.

Sutes said the state's freeway plans are scheduled for release "any day now."

Wise said his firm would "go to bat" for the city to prevent Junipero Serra from completely isolating the two sections of Daly City.

The company's report urged that "city officials should take part in every step of preparation of the freeway plans" so that east-west street communications would not be broken.

A new city hall with 50,000 square feet, many times the present space available, was also placed on the firm's priority list.

Library Inadequate

Other items touched on included the inadequacy of the Daly City library on Mission street, need for setting aside parks and recreation sites in new subdivisions, establishment of location and sizes of regional shopping and commercial districts. Wise pointed out that in many growing communities shopping centers "flooded" the area and after a few years reached the marginal point and proved a detriment to the community.

Mayor Joseph Verducci agreed in citing the recent application for a shopping center on the 21-acre Michael Callan site in the Zanone property, only "five blocks away from a proposed shopping center on Skyline." Verducci said he was "quite disturbed" over Callan's application.

Should the council authorize contract with the planning firm Monday, request for the state's financial participation will go before the state planning commission, April 22. The one-half contribution for planning studies comes from federal funds administered by the state.

In addition to Wise, Fred Barber appeared Monday for the planning firm.

BOARD SLICES SAFETY COSTS AT JEFF HIGH

(Continued from Page 1)

outcome of the May 17 bond and state aid election. If the issues fail to pass, the work will be delayed indefinitely since the district does not have the funds. Passage at the polls would allow the board to authorize the work this summer. The project would take about four months to complete.

If the district is able to go to bid for the work, Ciampi's fee would amount to \$8,176 or 7 1/2 per cent of the base estimate. If unable to go to bid (bond issue fails), Ciampi's fee will be 4 1/2 per cent of the base or \$4906.

Trustees managed to cut the original total by eliminating a \$4256 expenditure for auditorium seats, \$1185 for first aid and fire equipment, and a \$950 incinerator. These items will be purchased by the district in separate negotiations.

The board, however, okayed expenditure of \$15,720 in the auditorium and projection room instead of the original estimate of \$11,700.

Morgan and the board gave the Jeff plant a thorough inspection last week. He reminded that the safety cost estimate covers the entire school.

"We have to continue using every available space, probably for the next two or three years," he remarked.

Heavy Enrollment

He pointed out that district enrollment by 1960 will be approximately 2900 students. If the bond and state aid issues are successful, the third high school in Sharp Park will be ready by the fall of 1960. If they fail, double sessions may be necessary at both Jefferson and Westmoor. Both schools will handle 1200 students this September.

Sub-par lighting and the intercommunication systems at Jefferson also were considered by trustees. They approved an outlay of \$475 for electrical engineer Harold A. Wright to survey the plant. This will determine costs estimates for the work, to be done later when funds are available.

Elwood Lehman, state representative, will confer with Morgan here Friday to review square footage at Jefferson and Westmoor on the state aid program in light of present and projected enrollments.

Sacto Visit

The superintendent and Fred O. Goodell, district business manager, will meet with state school officials in Sacramento on March 27 to discuss application and eligibility for additional state aid. The district is seeking a square footage waiver on certain parts of Jefferson which would allow them to use these areas and at the same time not be charged for the footage in applying for additional state funds.

The board Monday went on record, as unanimously endorsing assembly bills 3045, 3046 and 3047, to raise money for school districts.

Bill 3045, if successful, would bring almost \$500,000 to the three local elementary districts, and \$50,000 to the high school district.

Morgan reminded that Bills 3046 and 3047 (cigarette and beer taxes) appear headed for defeat, but urged trustees to approve them "to impress upon legislators the need for school revenue."

Oppose Bills

The board also unanimously approved opposing Senate Bills 507 and 401 which call for mandatory unification of school districts and use of professional advisors on the county committee on school organization.

"We aren't opposed to unification of school districts," Morgan said, "but we think the people should be the ones to decide."

In other business Monday, trustees selected Saturday, March 30, for their inspection visit to Sir Francis Drake and Novato high schools in Marin county, and completed their second reading of the district's administrative code.

Morgan will present the first draft of the district's 1957-58 budget at next Monday's regular board meeting.

Find Westlake Rec Sites, Council Asks

The city council urged Wednesday night that planning consultants Hahn, Wise & Associates map locations for two acres of recreation sites in the latest Westlake residential development.

Under terms of the last annexation, Builder Henry Doelger agreed to donate two acres of park land, location to be determined by the city.

"We can't afford to wait any longer," Mayor Joseph Verducci said.

City Manager Howard Stites suggested that determination of the sites be part of the master plan developed by the consulting firm. Councilmen agreed and proposed that the site location be among the first projects of the planning firm.

So We Know Who Gets The Business

Competitive bidding procedure in Daly City has taken a turn for the worse over the span of the past two years.

When the city manager form of government was adopted, a new system was put into effect which required written quotations from suppliers when bidding on items under \$2000. Over that figure, of course, requires formal sealed bids.

Under the short-lived system, merchants and suppliers submitted signed cost estimates for city business on forms supplied by the city.

Under this method the city and the taxpayers had a written account of prices submitted and could observe whether the competitor with the lowest price had been awarded the business.

Whether by transition, "upstairs" edict, this method has been changed so that there is now no written record of quotations submitted for materials and services under the \$2000 figure.

The city purchaser merely contacts competing firms by phone and receives an oral cost estimate. He knows the lowest price.

We do not question the purchaser's impartiality as to awarding of business, but business people view with suspicion a system that places omnipotent powers in the hands of one person, without subjecting his actions to public scrutiny.

We feel signed price quotations should be submitted by firms for all city business under \$2000.

It may take a little more time but it will be worth the effort.

Three Cities, One Project?

We are gratified to here that South San Francisco, and possibly San Bruno, are interested in a full-scale study on the advantages of charter government for their cities.

A tri-city study committee, including the above mentioned communities and Daly City, is reported in the formative process.

Charter government, we believe, will provide Daly City with an instrument for self rule, better rule. Two other nearby cities may be inclined to agree with us.

The three-city study committee sounds like a sensible approach.

Welcome aboard, South San Francisco and San Bruno, to what we hope will be charter "membership."

Square Dance Club Invites New Members

Brisbane Circle 8ers square dance club announced that intermediate group dancing is now offered every Wednesday evening from 8 to 10 p.m. at the Brisbane school auditorium.

In addition, on the first Saturday of each month the group holds a party at the school from 8 p.m. to 12:30 a.m.

Al Patten, caller and instructor, invites persons interested in starting square dancing to call him at JU 4-1269.

LUSCIOUS Shirley Fischer receives instruction on firing a machine gun during the Armed Forces recruiting drive and show at Westlake Shopping Center. More than 10,000 persons visited the huge, 64-store center to see the exhibits and action shows. Helping Shirley is Master Sergeant William Bartels of the 7th Infantry Battalion, U. S. Marine Corps Reserve at Tanforan.

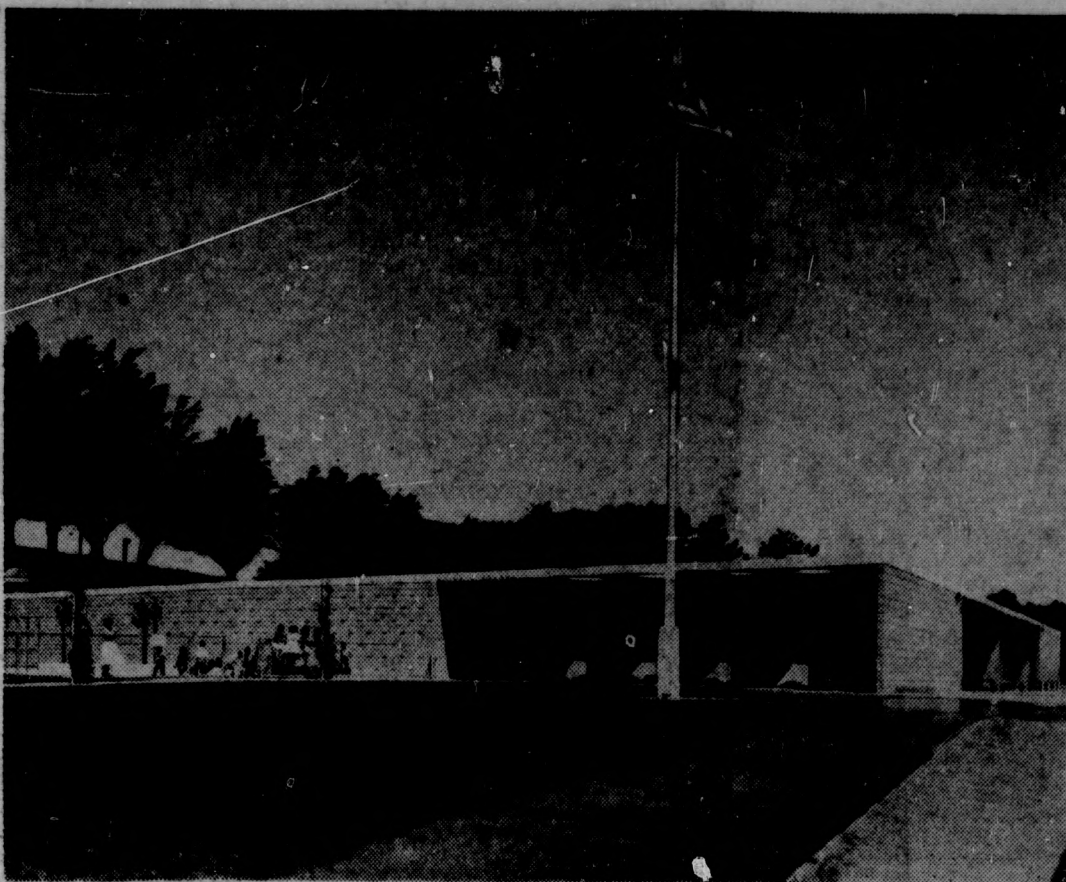

Military Show Finale In W'lake Attracts 10,000

One of the most successful promotions in recent months was held last Thursday, Friday and Saturday at Westlake Shopping Center.

More than 10,000 people Saturday saw the combined Armed Forces displays and demonstrations in a day-long program that included a mock battle by the Marines, landing of two helicopters by the Army, and the appearance of the Navy Electronics School drill team from Treasure Island.

The celebration served to kick-off the anniversary of the opening of the stores on Westlake Court and the start of the tickets for a drawing to be held in April for over \$3000 in prizes, including a Chevrolet sedan.

According to Bernard Etcheverry, president of the sponsoring Westlake merchant's group, tickets for the drawing may be obtained at any of the stores in the 64-unit shopping center—free of charge or obligation.

AWARD OF MERIT for architectural beauty of Olympia school on Northgate avenue in Westlake was given Architect Mario Ciampi

and High School districts, also won first place among public buildings and institutions for his design of the Sonoma Elementary school.

Hupf-Noonan Debate On Tax Ends In Draw

(Continued from Page 1)

Hupf, claiming that the decision on the tax should be made by the councilmen and not public vote, said he would urge the council to adopt a capital outlay fund. "Once this money is earmarked specifically, we can be sure it will go for capital improvements and nothing else."

"The real danger in government is excessive spending," he continued, "and that's what we should be concerned about."

Noonan answered that sale of bonds is the best way to provide for capital improvements.

"If the city fathers want to do it this way, they are authorized to raise the current property tax to \$1 per \$100 assessed valuation. But a sales tax is just another way of circumventing the people," he declared.

Who Decides? "COST," Noonan went on, "insists that the people should have the right to decide on the sales tax, and not leave it up to the council."

Noonan pointed out that business here, particularly the automobile trade, would be adversely affected by the sales tax. Seventy per cent of Daly City's automobile customers are San Franciscans, he indicated.

"The automobile business here amounts to \$10 million a year. What's going to happen to our assessed valuation if business falls off because of the sales tax?" Noonan challenged.

Hupf countered that a one-cent levy wouldn't alter the buying habits of most residents. He also reminded that foodstuffs are exempt from the tax.

"All we're proposing is to provide the city with what we need now, and I think the sales tax is the best way to raise the revenue, and still be fair to all," Hupf stated.

MINOR HURTS FOR COLMA WOMAN, 67, STRUCK BY AUTO

A 67-year-old Colma woman received minor injuries Monday night when she was hit by a car while crossing the parking lot at Holy Angels church in Colma.

Mrs. Mary Nannini, 315 A street, mother of former Colma fire chief Louis Nannini, was treated for bruises at Junipero Serra hospital after auto driven by Leo Kusber, 16, 56 Werner, Daly City, struck her in the church parking lot.

Kusber was driving to the parish, where he works evenings. No citation was issued.

DC Bar Robber Faces Life Term

Kenneth Carpenter, 30-year-old Oakland ex-con, was found guilty in superior court last week on a charge of robbing a Daly City tavern in November of 1955.

The three-time loser, who gave bartender Abe Rosenstein a severe beating during the "job," faces a possible life sentence this time. Judge Aylett Cotton will set Carpenter's punishment on April 8.

Carpenter's accomplice in the holdup here, Stanley Bryant, is currently serving a term in San Quentin for assault.

Carpenter previously served two terms for robbery and another for illegal possession of a gun.

Butchers May 'Break' After Hours Law To Test Validity

A canvass of local butchers was ordered by the city council Wednesday night, after City Manager Howard Stites reported that some local meat markets may stay open after the 6 o'clock limit to test the legality of Daly City's ordinance.

Stites said Hugh H. Smith Jr., Chamber of Commerce president, had informed him that some outlets were considering violating the ordinance to test its validity in court.

Councilmen asked Stites to poll local butchers and Peninsula cities to determine sentiment on rescinding the meat ordinance.

Broadmoor Child Hit By Car, Hospitalized

Condition of a four-year-old Broadmoor boy struck by a car Tuesday morning was reported as satisfactory today by attendants at St. Luke's hospital.

The boys injuries were not described as serious but he was held at the hospital for further information.

Mrs. Ash was not cited.

Drunk Counts Hit Two Service 'Pals'

Officers found the pair outside the coffee shop and took a pint of whiskey as evidence.

Write-In Looms For Fire District Commissioner

Frederick Schmidt, who recently announced his withdrawal as a candidate for the Brisbane fire commission, reiterated today that he is definitely not seeking the position.

Schmidt's name is the only one on the ballot against incumbent Jay Fichera for the April 1 election. Schmidt's withdrawal came too late for the printers to remove his name.

It is reported however, that Fichera will have an opponent in William "Cliff" Gannon, 219 San Benito road, who has indicated he will run as a write-in candidate.

Gannon, a Navy fire captain, is expected to receive the backing of Schmidt supporters.

Six Vie Tuesday For Three Seats On Brisbane Board

Three incumbents and three hopefuls will vie for a trio of seats on the Brisbane County Water district board at Tuesday's election, to be held at the district office, 30 Visitation avenue.

Pitted in the race for the three-year terms are incumbents Preston G. Barnes, Arthur E. Kennedy and Frank M. Walsh, while the other aspirants are Howard C. Field, Josephine B. Vidaver and David H. With.

Approximately 1150 persons are eligible to cast ballots. Polls will be open from 7 a.m. to 7 p.m.

Stabbing Incident Suspect Is Fined On Lesser Counts

Joseph L. Silva, 52, arrested in connection with the stabbing of a man in a bar fight here two weeks ago, pleaded guilty to two counts in municipal court last week and was fined \$200.

Judge Thomas L. Bocci sentenced him on charges of disturbing the peace and for being drunk on the street. A 60-day county jail term was suspended in lieu of the fine.

Silva, 388 Hillside boulevard, allegedly wounded Carl Potter, 53, of 230 Hillside, during a drinking bout. Potter was released after treatment at Community hospital. No assault charge was filed against Silva, however.

City Auditor Says Budget In Order

City Auditor Robert Hunter told the council Wednesday that the city was "going right along with its budget."

He declared all the funds were in order and bank accounts were balanced, with some small variations.

Hunter pointed out that there was a "certain lag" in allotment for the six month period, amounting to \$112,000. This, he explained, meant that that amount of money had been budgeted in various departments for the fiscal period but not yet spent, "due to a variety of factors."

"He said it was better to be in this position than to be overspent."

Navy Gives Sherlock Cash For His Ideas

William H. Sherlock, 125 Thiers street, recently was awarded \$24 cash for "economical ideas" as an employee at the Oakland Naval Supply Center.

He was one of 44 workers at the big depot presented cash awards under the Navy's incentive program.

Officers Probe Two-Car 'Race' In Death Crash

Highway Patrol officers today believe that the death of two San Francisco men in a sensational car crash at Colma early Saturday morning was caused by a high speed race with another auto.

Authorities at press time were questioning Don Castillo, 23, also of San Francisco, alleged driver of the other car. They summoned Castillo on a tip from a truck driver who said he saw the two cars "going almost 120 miles an hour" just before the tragedy.

The witness claimed Castillo's vehicle almost struck his truck as Castillo attempted to pass the death car on the left.

Donald C. Taylor, 26, driver of the fatal vehicle, apparently swerved to avoid Castillo's car and ran off the highway. Taylor's auto flattened a utility pole, rammed a concrete wall and landed in a crumpled heap atop tombstones in the display yard of Bocci monument company.

Taylor's passenger, Warren Webb, 22, was killed instantly. The driver died 10 minutes after arrival at Junipero Serra hospital.

The mishap occurred shortly after 2 o'clock in the morning.

Prizes for the best designed midjet racers went to James Campbell, Bobby Abiganas and Milo Torres, in that order.

Milo Torres' entry won the speed race. Next at the finish were Tito Torres, Reed Anderson and John Healy.

Following new officers were named during the meeting:

T. Torres, Scoutmaster; H. Meneken, chairman; Gordon Perry assistant Scoutmaster; R. Campbell, publicity chairman, and J. Bais, activity chairman.

Beginners getting Bobcat pins were Bobby Keith, Earnest Garary, James Magowan, David Kanan and James Todd.

Other awards: Charles Marales, two silver arrow points; Eddie Laros, two-year pin; Herb Meneken, wolf badge and gold arrow point; Russell Moffett, wolf badge; Paul Carmona, silver arrow point; Joe Williams, bear badge and gold arrow points.

Bobby Bais and Greg Burdick received recruiting badges for signing new members.

Mrs. Crocker, Troop 249, conducted the candlelight ceremony welcoming three Cubs to Scout status. They are Larry Ahuna, Tito Torres and Ronald Porcelli.

Daly City Cops Mab Navy Ensign As Drunk In Car

A charge of being drunk in an auto was lodged against a 26-year-old Navy ensign here early Saturday morning after police discovered his damaged car on Skevine boulevard.

Booked as Leonard B. Boehner, an officer aboard the carrier USS Hancock. Police said the ensign's car apparently struck a cable on Skyline near the Westmoor avenue intersection. The windshield and hood of Boehner's vehicle were damaged.

A passenger in the car, Seaman John Hansen, 21, of the USS Evager, also had been drinking, according to the report.

Boehner was turned over to the armed forces authorities.

Steele, ex-member of the National Guard, is the son of Mr. and Mrs. Kenneth Steele, 452 San Diego avenue. Preaders' parents are Mr. and Mrs. Hershel Preaders, 646 San Diego avenue. Sutter is the son of Mr. and Mrs. Nicholas Sutter, 124 West Moltke street.

Information on navel opportunities and the "Buddy Program" is available at the recruiting center, 6705 Mission street, PL 6-3740.

Hats off to Lester Lee, a driver of the Peninsula Bus Lines. While riding the bus home from South City last week I noticed the care and patience he had with the school children. "Cookie," as he is called by the youngsters, stopped and escorted 8-year-old Darlene Bricker across the busy El Camino and Collins intersection.

Congratulations to the Mat Jensens on D street, Colma, who became great-grandparents for the seventh time on March 8. The grandparents are the Jay Jensens at Mount Olivet. Mr. and Mrs. Phillip Reeves (Barbara Jensen) in Chicago are the proud parents of a third boy, Robert. Barbara is a former champion basketball player and competed in the Olympics.

The wee one has a big brother, Steven, five. Grandparents are Mr. and Mrs. O. G. Lough in Los Gatos, and the H. B. Reeves in Sacramento. The great-grandparents are Mr. and Mrs. T. S. Balmania, also of Sacramento.

OLPH church was the recent setting for the christening of Kathleen Ann, daughter of the Edwin Baracos on Willits. The baby's godparents are Ronnie and Karen Corkrey of South City.

Friends of the library are now busy conducting their annual drive for new members. More information can be had by calling Mrs. Bernice Cunningham, membership chairman, PL 5-5783.

Since their home on E street was badly damaged by fire on March 3, the Howard Merciers are quite overwhelmed at the wonderful response that the people in Sterling Park have shown in answering their need for clothing, furniture, etcetera. Girl Scouts in Troop 154 went from door to door collecting canned food. While their home is being rebuilt, the Merciers are residing on Dunk street.

B'moor Scout Fingerprints Cop Chief On TV Program

By Mona Baker
Proudly wearing his Boy Scout Merit Badge in fingerprinting, Glen Hilton of 704 Maddux drive, a member of Troop 410 sponsored by the Westlake Community Baptist church, this week turned the tables on Police Chief Ray Savage of Broadmoor and took his fingerprints on KQED's "Merit Badge" show. The two local residents gave video viewers a demonstration on how to earn a merit badge in fingerprinting.

Sponsored by San Francisco Council of the Boy Scouts of America since last August, "Merit Badge" (Tuesdays, 6 p.m.) is one of the most popular locally-produced programs for boys. Material is drawn from more than 100 subjects, ranging from dog care, cooking and camping, to astronomy, architecture, printing and radio. The program provides an opportunity for Scouts to analyze their own interests and capabilities by giving them an introduction to a variety of skills and vocational subjects. Another advantage of the show is that it interests other boys in the scouting program and

stimulates interest in hobbies. Each week a different group of Scouts and counselors appear on the program and demonstrate the requirements needed for badges.

Next month, two more local residents will appear on the show. On April 2, City Engineer for Daly City, Cy Weiler, 50 West Moltke, will present the surveying merit badge with Scout Hal Stites, 34 Northgate avenue, and a member of Troop 241 sponsored by the Daly City Rotary club.

"Merit Badge" is a good example of the sort of programming that a community station can do so well. As James Day, KQED's general manager, has emphasized so many times — a community television station is not striving for a mass audience but tries to serve many specialized groups by its programs. Using such a powerful visual medium as television which can reach so many boys, bringing them experts that they would not have the opportunity to meet otherwise, and specifically tying in with the Scout program is, we believe, an outstanding community service, and good television programming.

Auxiliary 9921 Has Busy Month, Adds 3 Members

Lake Merced Auxiliary No. 9921, Veterans of Foreign Wars, initiated three new members during a busy month of February.

Newcomers are Dorothy Alfara, Margie Skidmore and Margaret Fahey. Hazel McKittrick transferred from Old Glory Post 2044 and Marietta Lacey transferred from Cpl. James E. Mason Auxiliary of Madera.

On February 12, Hazel Eagleton presented three Brownie flags on behalf of the auxiliary at Broadmoor Community Center.

The death of trustee Agnes Luttringer caused cancellation of the unit's February 13 luncheon. Members attended the funeral in San Francisco, with Hilda Stettler and Barbara Sirriani singing hymns.

Later the same day, Lake Merced Auxiliary served as hostess at the San Mateo County Council meeting. Attending

St. Martin Women Tell First Plans Of Annual Bazaar

Planning for the third annual bazaar of the women's auxiliary, St. Martin's Episcopal church, began Monday evening with a meeting of the general bazaar committee at the home of Mrs. J. T. Stans-

were Hazel Eagleton, Stella Magoon and Rose Fisher.

On February 20, a good crowd attended the ham luncheon at Broadmoor Community Center. The February 26 business meeting was held at Mrs. Lacey's home.

The auxiliary complimented treasurer Fisher for her poem recently published in "Echo" magazine under the title "Somebody Else."

The unit will continue its once-a-month Canasta parties to aid the Cancer Fund.

Last week's business meeting was featured by nominations and election of new officers for 1957-58. Results will be announced in a future issue.

Present were Mrs. Richard T. Phillips, auxiliary president; Mrs. Walter F. Michels, bazaar general chairman; Mrs. Gordon Raeside, treasurer; Mrs. Kenneth W. Brugge, decorations chairman; Mrs. Stansfield, arrangements chairman, and Mrs. B. G. Nagy, progress reports chairman.

Booths will offer fancywork, Christmas ornaments, baked goods, plants, "white elephants," refreshments, and various games. Proceeds will go

into the building fund for the church to be erected at Southgate avenue and Bradley drive. Approximately \$1700 has been raised for this purpose in previous bazaars. This year's effort is expected to yield a similar amount.

Two sewing circles have been formed to work on bazaar projects, one to meet on Tuesday afternoons at the home of Mrs. Brugge, 515 87th street, and the other on alternate Monday evenings at the home of Mrs. Hugh Simmons, 612 Southgate avenue.

Crockerites Report

SIXTH GRADE MRS. BUSSETTO

Recently our class took a trip to the Hills Bros. coffee plant. It was a very exciting trip. We went to learn how coffee is roasted and processed. We came and went by school bus. When we got there we signed, the visitors' register, and then formed small groups in which we traveled through the plant. A guide took each small group on the plant tour. We learned how the cans were prepared for the coffee. We also learned that coffee was tested. Most of the work is done by hand. There are 500 people working in the Hills Bros. plant. When the tour was finished, we received a coffee booklet and a small jar of instant coffee.

Our class participated in an essay contest on the Statue of Liberty, sponsored by the American Legion Auxiliary. We voted on the four best essays in our class. The people whose essays we selected to represent our class were: Susanne Shalit, Charlotte Corvo, Esther Szames and Veronica Fischer.

Mike Waller and Darryll Crist are working on a product map. It shows the exports of Latin America. Susanne Shalit, Esther Szames, Louise Rezende, Mike Waller and Darryll Crist are working on a chart which tells information on each country of Latin America.

We have a pet mouse named "Squeaky." Billy Everett brought him to school. One day he was missing out of his cage. He was later found in our bookcase.

SIXTH GRADE MRS. HECKMAN

Some students in our class, with a group of students from the other classes at Crocker school, are going to a concert on April 10. We are going to the Opera House in San Francisco to hear a Youth Concert, conducted by Earl Murray.

We are making paper mosaics. If they are very good, we will try to enter them in an art exhibit which is to be held during the week of March 25. This exhibit is sponsored by the Lions club.

OLPH Paper Drive Hits Top Momentum With Week To Go

With only one week to go, Ernie Reys, general chairman of OLPH Men's club paper drive, today reported that enthusiasm and spirit are running high in the paper contest.

"The children are going all out to win the \$5 award for the most paper," he said. There are many other prizes for the contestants.

Children wishing to enter the contest are asked to save newspapers and tie them in ordinary bundles, mark the bundles for identification, and on Saturday, March 30, bring the newspapers to the OLPH school, 80 Wellington avenue.

DALTONS BEAM AS DRIVE ENDS, WORK TO BEGIN

Dan and Betty Dalton of Broadmoor today are wearing even bigger smiles. The all-community drive to help them is over. And the amount required to get the helpless couple what they need most—a bedroom, door and backyard ramp extension—is available.

Final tally on contributions hit \$10,500, more than enough to get the job done, according to drive chairman Gwin Mitchell and Ray Savage.

Gillon Lumber company will supply the lumber and other materials for about \$209. Remainder of the money will be used to complete the cement and stucco work and to buy paint for a complete exterior paint job.

Work will begin either this Saturday or a week from that date. Volunteers for carpentry and painting will be notified by phone.

Final donors to the "Dalton Fund" were Mr. and Mrs. Michael Orlich and Mr. and Mrs. A. R. Thiel.

Canine's St. Patrick's Role Not Too 'Hammy'

An alert boxer dog named "Mr. Schultz" saved Mr. and Mrs. Edward B. Reynolds of 954 Maddux from what might have been a St. Patrick's Day disaster.

The Reynolds were sitting at their kitchen table reading the papers and waiting for their Sunday dinner ham to finish baking when the dog began to whine and shake them with his nose. A glance at the glass over the door showed the interior a mass of flames where the ham had caught fire from the gas.

A quick call to the fire department solved the problem of the king-sized barbecue with carbon dioxide, so the Reynolds didn't have a serious fire. Unfortunately, they didn't have any ham, either. It burned to a crisp.

Flag-Happy Jefferson Nine Hosts Carlmont In North PAL Opener

Righthander Ed Leveroni draws the mound assignment next Tuesday when Jefferson's varsity diamondmen open North PAL action against Carlmont at Marchbanks Park. The lid-lifter starts at 3:15 o'clock.

Picked as one of three teams to beat in the flag chase, the Indians figure to justify advance clippings. Their pilot, Steve Mezzer, knows pitching holds the key to the whole

works. **Leveroni Sharp** Leveroni, number two tosser last year, looked good last week in checking Serra on six hits. He's backed up by first sacker-hurler Paul Tapia, and three pitching outfielders, Barry Haanen, Jim Wilson and Gary Ryan.

Mezzer's club has both power at the plate and a slick infield, two factors that could take them all the way. But

the mound corps still holds the answer.

Jeff's starters in the outer patch will be Haanen in left, Tom Cloutier in the middle, and Jim Wilson in right. Tapia will be at first base, mighty mite Ino Patron at second, Mike Wedlake at short, and Leroy Franzola, a dandy fielder, at the hot corner. Bill Strassburger, a sturdy little guy, will catch Leveroni's slants.

Big Stickers Mezzer's batting order will present an imposing array for opposing flingers. Patron leads it off, and the three-four-five

Gloves Card Jams Center, 'Outstanding'

Sports-conscious members of OLPH Men's club are still counting their blessings today. Their Golden Gloves eliminations card at War Memorial building Thursday night left nothing to be desired.

A standing-room-only crowd jammed the place and gave the parishioners proceeds to spare. And the turnout again proved that Daly City is hungry for top-flight athletic events.

General chairman Walt Gillies termed Thursday's program "an outstanding show, all the way around."

The scraps, 19 in all, provided the best action by amateurs ever seen here. Seven of the duels ended in tko's and three were knockouts.

Fittingly, best battle of the night was the final mix, a heavyweight brawl between James Head of Oakland and San Jose's Jim Erwin. The taller Head, though dumped out of the ring four times, managed to gain a close decision. It was a free-swinging exchange from the opening bell.

Winner here advanced to the Gloves semis in San Francisco this week. Finals are next Thursday at Civic Auditorium.

Ex-Jefferson Ace Blanchard Selected On All-Loop Team

Brisbane's Larry Blanchard, former Jeff High cage ace, this week was named to the All-Big Eight Conference basketball team.

The College of San Mateo guard was an unanimous choice of loop coaches. He led the league in scoring with a phenomenal 292 points.

With two more years of eligibility ahead of him, Larry is one of the best college prospects in the Bay area.

JEFFERSON opens what could be a pennant-winning North PAL season next Tuesday when the Indians play

host to Carlmont at Marchbanks Park. Coach Steve Mezzer's starters, in batting order (left to right): Ino Pa-

lake, ss; Leroy Franzola, 3b; and Ed Leveroni, p. Game time is 3:15 o'clock. THE RECORD photo

Tribe Swim Forces Drop Pair To Cap

Jefferson's varsity and 20's swimmers will be after their first North PAL wins of the season this Thursday when Coach Joe McGrath's forces invade Hillsdale.

The Indian varsity and twenties suffered second defeats last week in bowling to Capuchino. The Mustangs won the varsity tet, 56-19, and the 20's skirmish, 39-11.

McGrath's 30's, however, broke into the victory column by a 35-23 count. Frank Howard led the way, taking the 100-yard breaststroke and the individual medley events.

The Tribe 30's also copped the 100-yard medley and freestyle relays.

Phil DeLuca again paced the Jeff varsity with firsts in the 100-yard breaststroke and the individual medley.

Phil Curry was best man for the 20's, sweeping the 50-yard breaststroke and taking second in the 50-yard backstroke.

McGrath's mermen host Galileo in a practice meet this Friday. Next Thursday the locals travel to Burlingame.

Jefferson trackmen will be out to redeem themselves this Friday in a North PAL dual meet with Capuchino.

The Indians' sad showing in the practice affair caused Watt to crack down on his huskies for future league tests.

The Links drubbed the Tribe varsity, 74-39, and won the 30's division, 119-19. Jeff's 20's, unbeaten in loop competition, also finished second best.

Watt was pleased with the work of a few varsity men, however. Sonny Martinez won the 100 and 220, and the soph flash picked up 10 yards in the relay to earn a dead heat.

George Bullwinkel copped the half mile in 2:07.8, with Dave Callaway a close second. Jeff Chase vaulted 12 feet to establish an unofficial school record. And in the mile, Watt's soph find, Felix Valdez, lost by a whisker. Andy Estigoy was third.

Gordy Tydingco was tops for Jeff's 20's. He hit 15.7 in the low hurdles and high-jumped 5-4, the latter his best to date. Dash specialist John Margaron placed in the 150 and 330 jaunts.

Last Friday's rained out Jeff-Carmont meet will be staged on April 9 in Scot land. The Indians invade San Mateo on March 29.

Duffy's Baseballers Drill At Marchbanks

Duffy's Corner baseballers, coached by Lowell Creighton and Harry Krohn, return to Marchbanks this Saturday for another practice game.

With their Spring League opener only a few weeks off, the locals are bearing down in drills.

Last week the Duffymen posted a 7-1 win over the Larry Barrett club in an exhibition.

Creighton has most of last season's players back and expects a top season.

Shopping Center Nips Val's Nine To Knot Softball

Shopping Center gained a tie for first in the Westlake Softball League Sunday by edging previously unbeaten Val's, 2-1. The losers captured their third win the day before in routing Our Lady of Mercy, 16-1.

Other results Sunday saw Westlake Richfield down Westlake Lodge, 7-2, and OLM clip Westlake Joe's, 3-2.

Councilman Mickey DeBernardi led the gas station nine to victory with five rbi's, getting a two-run homer and a single. Al Arellano and Howard Adler also got two hits. Jack Duerdoff chalked up a four-hitter for Richfield.

Three games are on tap this Sunday at Westlake Park. OLM meets the Lodgemen at 11 o'clock, Shopping Center faces Joe's at 1, and Richfield tangles with the Redwood Roomers at 3.
